

## Preparation of a capability model

Company	Realisation - approach	Result
<p>Global wholesale and investment bank</p>	<ul style="list-style-type: none"><li>• Facilitation of the initiation of Program White</li><li>• Preparation, execution, moderation of workshops</li><li>• Consolidation and challenging of design options and principles</li><li>• Coordination and preparation of common target model</li></ul>	<p>Bank wide capability model containing all main capabilities of the bank (products, processes, systems, interfaces etc.)</p>
<b>Initial situation</b>		
<p>The crisis of the financial sector caused the requirement of the Swiss authorities to encapsulate and to protect the Swiss clients business.</p> <p>The main goal of this intention is to hind a future „too-big-to-fail“ situation.</p>		
<b>Task</b>		
<p>Management, coordination and preparation of a bank wide capability model based on the requirements of the Swiss banking authorities (FINMA).</p>
